

Child Care Resource and Referral in North Carolina Council and Agency Directory

OCTOBER 2018

There are approximately 62 CCR&R agencies serving North Carolina's diverse families, child care programs, professional workforce, and communities. These agencies all provide the "core" CCR&R services of consumer education and referral, professional development, technical assistance, data collection and analysis and public awareness.

CCR&R Regions

The state's 100 counties are grouped into 14 distinct regions and each region's CCR&R services are overseen by a Regional CCR&R Lead Agency. Services are delivered through these Regional Lead Agencies and additional local service providers based in individual counties.

CCR&R Council Contacts

The NC CCR&R Council is the state management hub for CCR&R services in North Carolina. The CCR&R Council is comprised of three Council Management Agencies:
